

US State of the Union, Global Plandemic & the Christmas Cure

Posted December 24th, 2020

By Charles H. Coppes

"Patriotism means to stand by the country. It does not mean to stand by the president, save exactly to the degree in which he himself stands by the country. It is unpatriotic not to oppose him to the exact extent that he fails in his duty to stand by the country. In either event, it is unpatriotic not to tell the truth, whether about the president or anyone else."

- Theodore Roosevelt (26th US President, 1858 - 1919)

"Men, it has been well said, think in herds; it will be seen that they go mad in herds, while they only recover their senses slowly, one by one."

- Charles MacKay, Extraordinary Popular Delusions and the Madness of Crowds

"Masks are utterly useless. There is no evidence base for their effectiveness whatsoever. Paper masks and fabric masks are simply virtue signaling. They're not even worn effectively most of the time. It's utterly ridiculous."

Dr. Roger Hodkinson, Expert Pathologist, Alberta, CA

"Necessity is the plea for every infringement of human freedom. It is the argument of tyrants; it is the creed of slaves."

- William Pitt (1759 - 1806)

"Jesus paid it all...sin had left a crimson stain; He washed me white as snow."

Christmas Eve Greetings to All,

As we enter a New Year I wish you well. This past year has seen huge changes in our culture, health concerns and political fortunes. Our **bubble economy** keeps getting more inflated as millions sink into the **New Great Depression** with **plandemic fears** being exploited by petty politicians, technocrats and social engineers. However, despite this deepening darkness the **hope and light of Christmas** shines brightly, and this helps to put our lives into proper perspective. We shall examine these issues below.

The US State of the Union: *It is Disunity!*

The Trump years have been rather chaotic with our culture wars, political drama and deep state intrigue. The election in November has only heightened our national angst. In 2017, I observed that the **Trump** presidency merely revealed *how far* the **Obama-Biden** administration had moved the goal posts in their eight years. Tribal politics has produced the **deplorables** vs the **Trump** haters for all the world to see. Anticipating a "potential disruption" in the 2020 election, a group calling itself the Transition Integrity Project (TIP) was created in June, and the organizers provide us a TIP who these haters are: Neocon Bill Kristol, John 'Pizzagate' Podesta, former DNC and RNC chairs, and a slew of leftist journalist. But **The Donald** has his critics on the right as well. A **Fox Poll** indicates that **56%** say they are *economically worse off* than 2016, and **46%** submit that **Trump** is *the worst president* in US history. A blogger recently summed up the tension and likely outcome of this election:

***"Irrespective of the insanity of his haters, Trump as the incumbent had to deliver on the pledges he made in 2016, and then some, in order to expand his coalition and have any hope of re-election. By and large he hasn't done that.** Either way, he screwed up the federal response to a pandemic, so it might've been a wash regardless. And just for the record, Trump himself has certainly been more than happy to provoke, troll, and needle his foes, so it's not as if he's blame-free in the ensuing miasma of **hyper-partisan craziness....** Trump may not deserve another term on his own merits. But a loss for Trump is nonetheless a win for the lunatics who've spent four years subjecting the rest of us an unceasing tsunami of **freakish nonsense.**"*

At this point it looks like we are stuck with the lunatic **Dems** and their freakish nonsense, but **Trump** also failed to deliver on his grandiose **MAGA** imaginations, and pointing that out is not *unpatriotic* as **Teddy Roosevelt** says above. So, the **Biden-Harris** ticket is now being celebrated in the leftist media.

As Pat Buchanan responds, "The hypocritical calls from the mainstream media today for us *all to come together*, after the atrocities they perpetrated, boggle the mind." We are now two nations he concludes.

So where do we go from here? Sleepy Joe has set up the so-called **Office of the President Elect**, but the Constitution recognizes nothing of the sort, and **Trump** lawyers are still challenging a **Biden** win. As **Hal Turner** has pointed out, **Al Gore** was called the "president elect" for **37** days before he lost, but that was a unique case. The Supreme Court has already dismissed legal challenges. But as **Turner** wrote in November, the **12th Amendment** could have been used if neither candidate had a majority of electoral votes. This provision from **1804** allows for "one vote" from the majority party of each state, and today **30** states are Republican vs **20** for Democrats! Our Electoral College has already confirmed **Biden** and the Senate has agreed. But I would draw your attention to the concluding words of the **12th Amendment**, which states, "But no person *constitutionally ineligible* to the office of President shall be eligible to that of Vice-President of the United States." **Article 2** of the Constitution states that only a "natural born citizen...shall be eligible to the office of President." **Harris** was eligible to be a senator, but she is not a **natural born citizen**. Her mother was from India and her father was from Jamaica, and *neither* were an **American** citizen when she was born! The Internet/media is calling this false and racist, but the same was true about **Obama** (his father was a dual citizen of Kenya and Zanzibar, *and not an American citizen*). The **14th Amendment** was adopted in **1868** to define slaves as natural born citizens (on US soil), but that was not the intention in **1789**. This issue is debated, and the Supreme Court has never ruled on it either. But who need an archaic old piece of paper anyway, right?

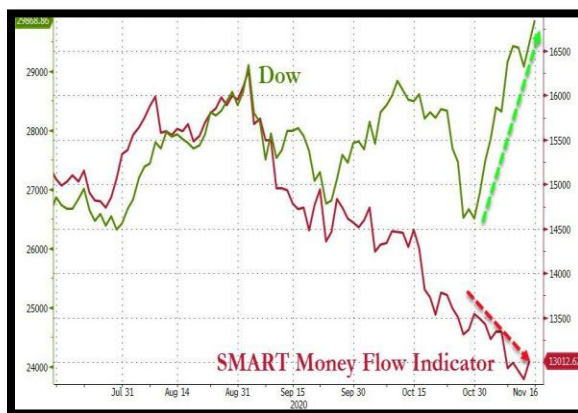

Bubble Economy & the New Great Depression

So the New Year will include plenty of political theater and ongoing cultural strife, but the more serious volatility will be in our financial markets and bubble economy. The **US** stock market is a good example of how men go "mad in herds." **And seen below**, current stock earnings and actual economic growth now have a "negative correlation," which suggests *massive distortions* in the real economy.

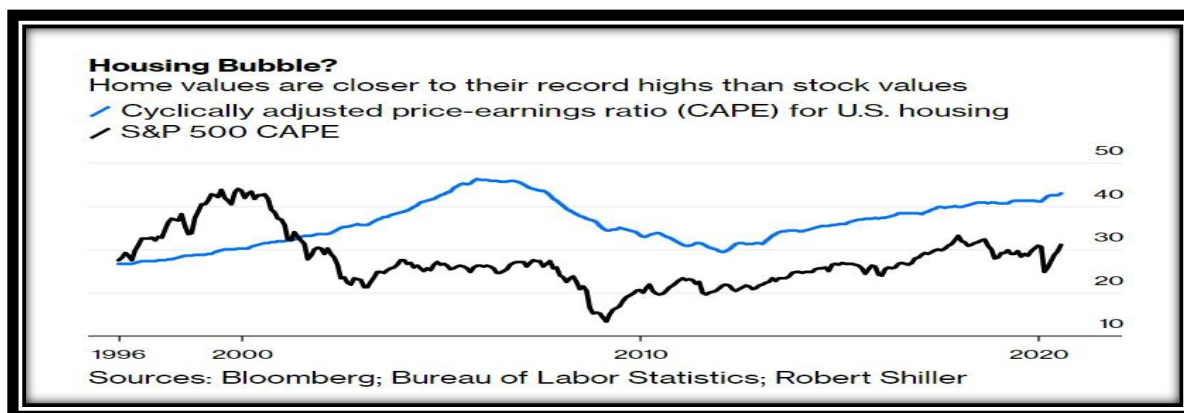

As mentioned above, the market on **Wall Street** has never been this "disconnected" from our **GDP**. Why is this happening? Only one answer; repeated interventions by the **Fed** and the central banksters. **Wall Street** has become a **rigged casino** that is now totally dependent upon easy credit from the **Fed** and their partners. US stock capitalization is now **170%** compared to our annual **GDP**! A figure of 50-70% is consider more normal. But these are not normal times. As seen below, the **Dow Index** of **30** major stocks keeps trending up, but the smart money flow (corporate insiders selling) keeps going lower - talk about the Greater Fool Theory! According to a study done by the **French bank SocGen**, the broader **S&P 500 Index** would be, or should be, **1,800** points (not 3,700) if it were not for central bank easy money policy that flows to capital markets and the insiders. The same goes for **NASDAQ**.

But today, there are plenty of greater fools to support the illusionary "wealth effect" sustained by the unelected technocrats in the **Eccles Building**. For the past four years, **The Donald** has made the inflated stock indices as proof of his *financial genius* and *shrewd business acumen* to make us great again, but it is all a cruel hoax. Or **fake news** as he oft refers. Can this disconnect and distortion keep going on forever? Financial analyst **Bill Blain** offers us his own take with a concluding remark.

*"The laws of financial gravity are immutable. There is a relationship between global wealth, growth and the value of stocks and bonds (financial assets.) **There is balance that sets risk/reward returns. These are all out of sync at present** – stock market values are out of all proportion to global growth prospects, while investors are now being forced to accept ever greater risks for lower returns. Distortions can only last so long before reality bites and overcomes – often violently. **When will it blow? I suspect it could come next year when the pandemic is over.**"*

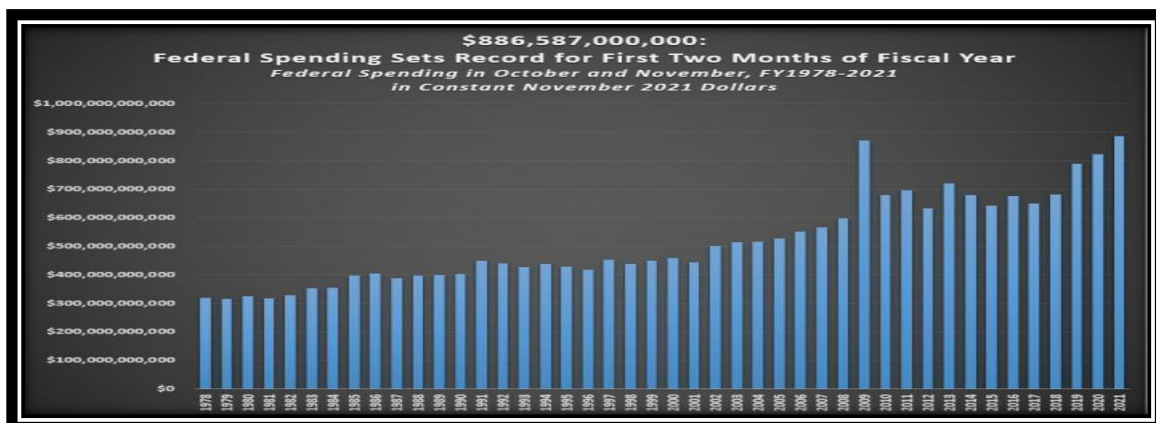

Will the bubble economy finally blow in 2021? I tend to agree with **Blain** that it will, and this will be the Mother of all financial calamities in modern times - the *financial reckoning day* I write about.

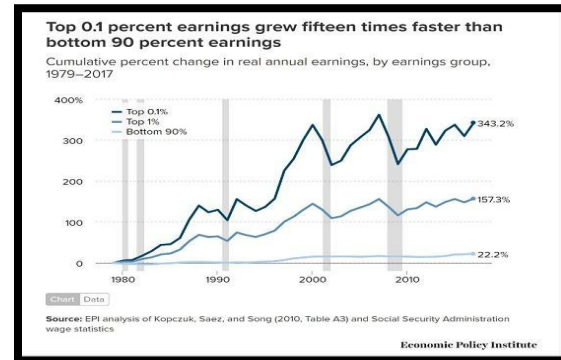

Not only do we have a massive bubble in stocks, but also bonds and real estate. According to the reliable **S&P 500 CAPE Index** as seen above, home values are even *more inflated* than stocks! Why is this happening? Low interest rates play a part, but there is a **demographic shift** from the wretched big cities run by liberals to the suburbs or farther (more in this in a moment). **Realtors** around the US are reporting **low inventory for sale** and this is causing cash bidding wars. My own resort town, in the high country of **Arizona**, is seeing (lousy) properties *double* in price! As **Blain** says, financial gravity will collapse stocks and bonds (and real estate) in **2021**, but rural property will remain very expensive.

As I mentioned, the **real volatility** will be financial markets in **2021**. And this is *far more* concerning to me than the **tribal-identity politics** that the Red Team/Blue Team **mainstream media** entertains us with. After all, does it really matter who is in the White House when the reckoning day comes? Our **central bank** (the Fed) is the real issue! **The Fed** is all about central planning. This is Socialism. The Fifth Plank of the *Communist Manifesto* calls for the "centralization of a state bank with an exclusive monopoly." The **Fed** is a Marxist institution, and if you doubt me [CLICK HERE](#). I like to say that we are all *cultural Marxists* now. We like turning to the **Fed** for *stimulus*. We like *transfer payments* and *benefits*. But the notion of central planning is a "**fatal conceit**" as Austrian economist **Hayek** has so [eloquently observed in this book](#). Today, the **Fed** is creating one unit "dollar" for *only 33 cents* of economic growth - see above. In other words, to maintain *the status quo*, we are getting less marginal return, and this does not end well. I'll quote from my Libertarians at [EconomicPrism.com](#). "The dollar is being systematically destroyed. This destruction has been going on for 107 years; since the passage of the **Federal Reserve Act in 1913**. And It has been going on in earnest since **Nixon** closed the gold window in **1971**." I will address this in my concluding remarks. Check out their link above. And here is what we are saying. Our Federal spending is totally out of control folks. Our politicians and bankers have created more debt *since September* (our fiscal new year) than any previous fiscal year.

So again, where do we go from here? The Fed will continue to distort the economy, create huge malinvestment and moral hazard in every sector. Easy credit has led to over-capacity as **Charles Hugh Smith** [comments](#). "The reality nobody dares mention is that thanks to 20 years of the Federal Reserve's *easy money*, there's rampant over-capacity everywhere you look: there's too many cafes, bistros, restaurants, fast-food outlets, hotels, resorts, AirBnBs, unprofitable Tech Unicorns, airline flights, Tech startups, office towers, retail space, malls, absurdly overpriced apartments for rent, storage facilities, delivery services, office sublets, colleges, attorneys, unemployed workers with multiple credentials--the list of *too much, too many* is endless." Now we are trying maintain the status quo and bail out everyone! Meanwhile wages have been *FLAT* for **50** years as the **1%** prospers!

For many Americans, this is the New Great Depression! Unemployment is at Depression levels (26% as of today), and [a new poll this month](#) reveals that **66%** are living paycheck-to-paycheck and **82%** cannot raise **\$500** for an emergency. We have seen a flight from the cities as noted in [this study](#), and this includes large firms. **Food banks** in America have seen a *thirty-fold* increase in demand!

This stunning photo is from **Houston** where they gave out **7,000** turkeys last month! **Food insecurity** is becoming critical for many with **50** million on food stamps and [millions more dependent on charity and more government assistance](#). For many this is a **new experience**, and now many grocery stores are reporting [a dramatic increase in theft](#) as people struggle to survive in the age of covid and lockdowns.

It is truly remarkable and sad to see this happening. Whole industries are going under; airlines, hotels, hospitality, restaurants, concerts and so on. Movie theaters have seen a **78%** drop and may not survive (George Clooney/Looney wants a bailout for Hollywood!). The **US** is now entering a period of **stagflation like we had in the 70s** - contracting asset values and increased cost of living with high unemployment. A new stimulus bill for **\$900 billion** has been passed this week. A measly **\$600** check will be sent to people within the next few months and the moratorium for rents has been extended. But what about landlords? According to **The Aspen Institute**, there are **50** million rental units in the **US** and half of these are small mom and pop properties with **58%** having no line of credit!

One of the persistent myths about the **Trump** years is that he created "the best economy in the history of the world." Was this true? One of the best indicators is "**the velocity of money**" (how money turns over in the real economy). As seen in this chart it has been falling for over *twenty years*, and literally *collapses* during the **Trump** era. So much for myths. And now let us turn to the biggest fraud of all.

The Global Plandemic & *The Great Reset Scam*

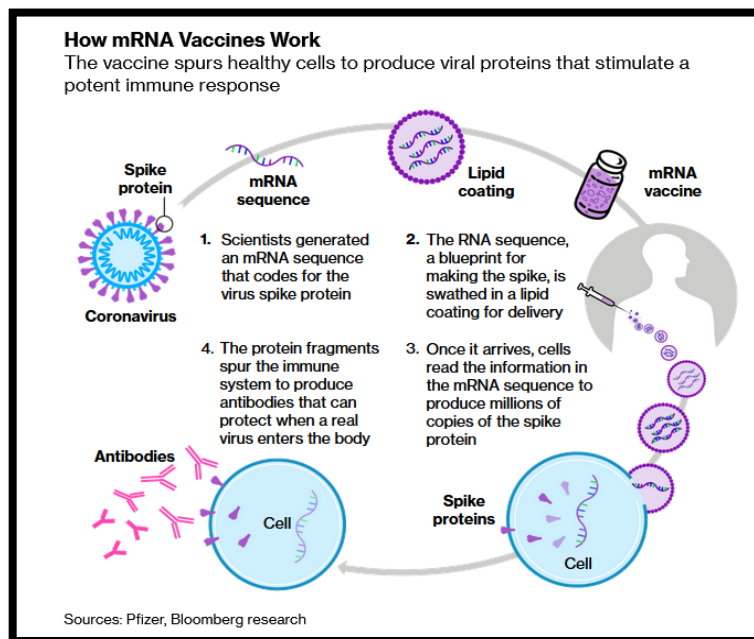

In recent months I have become a huge Tucker Carlson fan. His programs aggressively search for the truth and expose liberal hypocrisy, cover-ups and scandals (fulltime job). In September he had **Dr. Li-Meng Yan** on the show to tell the world that the Wuhan virus was created by the **Chinese** military for asymmetrical warfare. She fled **Hong Kong** at risk, but the feckless and cowardly **corporate** media remains silent and she is being blocked by the tech giant gatekeepers. Her **26-page report** is a damning expose of this "Frankenstein" virus she calls it. Watch the **6-min clip** at [THIS LINK](#).

This is one brave little gal! She has appeared with **Tucker** again, and it is now feared that *her entire family has been arrested, and her own life is in grave danger.* Compare this to *the pathetic woke culture* that now dominates the **West!** Her testimony is **exactly** what **Dr. Francis Boyle** said in my [March newsletter](#) with [this video link](#), which of course, has now been banned. As **John Kenneth Galbraith** once observed, "It is far, far safe to be wrong with the majority, than to be right alone."

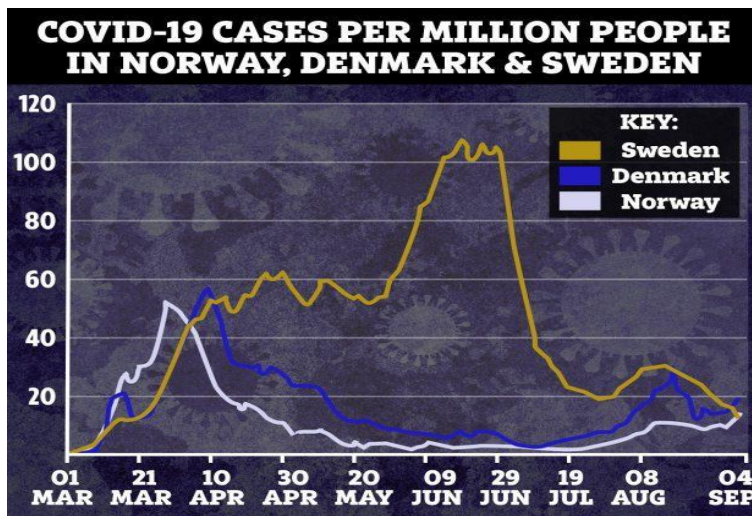

"The further a society drifts from the truth, the more it will hate those who speak it." - George Orwell

So, now we know that the original SARS virus from **2003** was modified in the oldest **Bio Safety Lab** established in **Wuhan** (1957), and was "leaked" into the world about a year ago. Now comes the long awaited **vaccine**. It is easy to see how we have gone from the mask, to the vaccine and eventually the "mark of the beast" as mentioned in **Rev. 13:16-18** (666). It is highly suspect that **Bill Gates** was part of a plandemic exercise in **October** of last year (Event 201), and now here we are. So what is the **mRNA** vaccine? This is actual *gene editing* and playing with our **DNA**! In this *chilling* two-minute video **Bill Gates** explain this process and an enzyme called **Luciferase** that will glow! You can watch the clip at [THIS LINK](#). Also notice that the Microsoft patent is **0606060**. [You can't make this up!](#)

Is this something you want to put into your body? I don't think so (mRNA gene editing has never been tried in history). Even worse, there is talk of adding a **biochip** and politicians are pushing for contact tracing like in Illinois - [HR Bill 6666](#). This is similar to <http://www.ID2020.org> mentioned in **the clip above** and supported by the Bill Gates Foundation. Are you getting the picture here? This is not about health, but **control** (and Satan/Lucifer is a control freak!). This is becoming coercive, and **The Lucifer Effect** is based on a prison experiment at **Stanford** that went badly as the guards became very evil, and had to be *stopped*, see more [HERE](#). This is a classic case study of human nature as some gain power over others, and this is exactly what is happening. [North Korea](#) is a very good example.

Many are urging caution with this new experimental vaccine rushed to the market (for shareholders of course). **Charles Hugh Smith** [provides this](#), "these are the first mRNA vaccines ever seeking approval for human use, and so there are no long-term studies of what might go wrong down the road. One concern is the possibility that mRNA vaccines could trigger a generalized immune response (interferon, etc.) rather than just a specific immune response to a specific virus (antibodies, etc.). The danger is that the mRNA could trigger an "all hands on deck" response that could then cascade into autoimmune disorders in which the immune system goes haywire and starts attacking the body's own cells rather than limiting its destructive capabilities to foreign viruses, bacteria, etc." This could very well be the case in the **booster shots** being recommended that will increase the dosage. Politicians and technocrats are using fear and panic to further other agendas. Lately, the focus has been on *cases and tests* rather than actual fatalities with **Covid-19**. The PCR tests being used are notoriously inaccurate. The creator, **Dr. Kary Mullens**, [said with his PCR test](#) "...you can find almost anything in anybody." And further, the **CDC** recognizes that **94%** of deaths had [2-3 comorbidities](#) (they died of something else). Studies have shown that worldwide **Covid-19** deaths account for about **.02%** of the population, and this year had *fewer deaths* from all sources than **2019**, and the list goes on and on.

"Masks are utterly useless. There is no evidence base for their effectiveness whatsoever.

Paper masks and fabric masks are simply virtue signaling. They're not even worn effectively most of the time. It's utterly ridiculous. Seeing these unfortunate, uneducated people – I'm not saying that in a pejorative sense – seeing these people walking around like lemmings obeying without any knowledge base to put the mask on their face." - **Dr. Roger Hodkinson, Expert Pathologist, Alberta, CA**

And now we have the mask issue. It is [very under reported](#) that **Sweden** did NOT stress wearing a face muzzle or lockdowns and they have gotten through this **plandemic** much better. This does not fit the narrative. **South Dakota** has refused wearing masks and lockdowns and is doing quite fine. Yet the mandates and pleas continue. In March, **Dr. Fauci** said that "universal masking was **useless**." And that is what true scientists are saying now, as seen in the above comment. It's all about *virtue signaling* and **Group Think**! I have read **the book above**, and basically they are saying that healthy people do not need to wear a **face diaper** unless you are obviously sick and coughing and sneezing (and besides, people wearing their holy rags shouldn't shame you because *they* are protected, right?). **A study this week** says that the popular three-layer surgical mask is virtually *useless* - read it [HERE](#). This study says that wearing a mask "could be more dangerous than not wearing one at all." Yet, the fear of death has a grip on people. **This chart below in Stockholm University in Sweden** clearly shows that people under **70** have a **98-99%** survival rate! But people are acting like 99% of infected people die!

"Predicted COVID-19 Fatality Rates Based on Age, Sex, Comorbidities, and Health System Capacity, Stockholm University", June 2020

"Necessity is the plea for every infringement of human freedom. It is the argument of tyrants; it is the creed of slaves." - William Pitt (1759 - 1806)

So, despite "following the science" the tyranny continues. It is necessary they say. Really? Any old piece of cloth? The only "effective" mask could be an N-99 mask, or N-95 (but the box says it will not prevent a virus!). **As one writer observes**, "we don't need to go much further than our closest supermarket to notice that that's not the kind of masks worn by most people. Most people wear loosely fitted, thin pieces of cloth that probably capture some particles – what do I know? – but is unlikely to approach the efficacy that its proponents describe. We reuse them without washing them – can anyone really be bothered? – we don't put them on properly, they leak left-right-and-center." **What a farce.** I will conclude with this comment I saw yesterday by a blogger, "Millions of people humiliated by the Marketing Team of Covid-19 and their infantile slogans. Millions of people dehumanised by having their faces, their smiles, their laughter, their thoughtfulness etc covered to make them into expressionless drones. That was the year we just lived through. Will **2021** be the year a critical mass try to escape the Kindergarten and return to being human?" We could only hope so, but I am afraid that **mask-shamers** and **moral busybodies** will ever be with us. The mask-shamers are called Corona Karens, as seen in this outrageous VIDEO CLIP. C. S. Lewis warned of these people years ago:

*"Of all tyrannies, a tyranny sincerely exercised for the good of its victims may be the most oppressive. **It would be better to live under robber barons than under omnipotent moral busybodies.** The robber baron's cruelty may sometimes sleep, his cupidity may at some point be satiated; **but those who torment us for our own good will torment us without end for they do so with the approval of their own conscience**"*

Now comes Operation Warp Speed with shots for everybody. Last month on *60 Minutes*, Gen. Perna concluded THIS short clip by shaming everyone who will **NOT** take the vaccine (full version HERE). This is how **medical tyranny** is being imposed on us, and someday soon...the mark of the beast.

We are being told that the vaccine is "voluntary" for everyone, but polls indicate that as many as **70%** of the **American** people want to *wait and see*, and half of these will *never* take it. In **October**, *The New England Journal of Medicine* (their Bible) called for "mandatory vaccines" for all. They said that it will be **voluntary** for "three weeks" and then "**substantive penalties** could be justified" for non-compliance. Read it from [THEIR SITE](#) and [THIS](#). So much for the voluntary talk huh?

It should come as no surprise that **The World Economic Forum** (WEF) has long had plans to exploit a pandemic to push for a globalist **Great Reset** (essentially UN Agenda 2030). In his new book, **James Perloff** explains this, but the book was *immediately banned* by **Amazon** as noted [HERE](#). Only those with something to hide need to censor. In this **47-minute interview**, **Perloff** covers the hidden agendas, dangers of mRNA, transhumanism, **mark of the beast** and their **globalist end game**:

Power Hour: James Perloff Warns About mRNA & Transhumanism

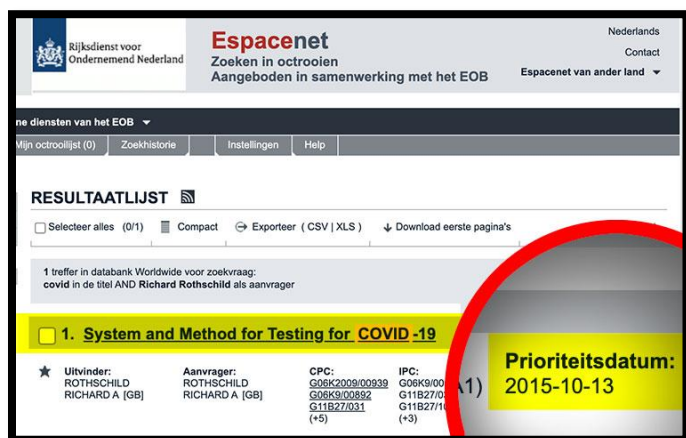

The WEF was founded in **1971** and has evolved into a body of **technocrats and social engineers** that want to impose a **Fourth Industrial Revolution** upon humanity that perfectly interfaces with the *Book of Revelation* depicting the last days of humanity. I write about this in my book, and **Pat Wood** has written the **Foreward**, as a leading authority on the **Trilateral Commission and Technocracy**, at his **website right [HERE](#)**. **Brannon Howse** reveals how a response to **Covid-19** (by name) has been planned *before Covid-19* arrived...other words, this is a **plandemic**. The **WEF** was at the **Event 201** with **Bill Gates** in late **2019**. If you are new to all of this, I might recommend watching the following presentation by **James Corbett** who correctly states that this has ***NOTHING** to do with a virus*:

The Corbett Report: Your Guide To The Great Reset

I know this is lots of information, but the times are urgent. This is a **must watch** documentary, and share it with others. Already in the **UK** they are rolling out **CommonPass** in the airline industry that will verify your test status (on your phone) to board flights. This generates a QR code, and this has been sponsored by The Common Pass Foundation.....and the **World Economic Forum**, of course!

And yet again, where do things go from here? I think you are getting the picture. To summarize, I agree that this was a man-made leaked biological warfare pathogen from **China**. **Event 201** is very suspicious in all of this, or anything to do with **Bill and Melinda Gates**. The progression of masks, to vaccines, and eventually an **implantable biochip** is inevitable. It will be *the ultimate virtue signaling* by the **Group Think** masses. The petty politicians, technocrats and social engineers will blather about a *voluntary vaccine*, but they will **punish you** in many other ways. **Mike Adams** alerts that you will lose your job, unless you take a vaccine, see [HERE](#). The **US Army** has issued a [DoD report](#) to make wearing masks *mandatory* for servicemen even if the vaccine works (and this will be a new normal). **In Canada**, they are proposing mandatory vaccines, and part of a "reset" people can have all debts cancelled if they surrender their property and assets! As **Dr. Rashid Buttar** warns in [THIS CLIP](#), if you do not comply you will be considered "a public safety risk" and relocated to "isolation facilities" until you comply (start at 6-8 minutes). **Brazil** is implementing mandatory vaccines, and it is starting to look like the **Hunger Games**. **China** will now combine a "track and trace" system into their public **Social Credit Score** system. Here is what [THAT](#) looks like, and in the **US** we are implementing a new contact tracing system (like China) - watch [HERE](#) (good one). I could go on, but the picture is clear.

Let me conclude this section with some final proofs about this global plandemic. This is almost too hard to believe, unless you are a psychopathic busybody control freak. At [THIS](#) Libertarian site they list **21 proofs** that this is a *plandemic*. **Proof #3** stands out in the above chart. In 2015, a "System & Method for Testing Covid-19" was patented by **Richard Rothschild** - *fours years before Covid-19!* You need to see all **21 proofs** at [THIS IMPORTANT LINK](#)! Think this is mind-blowing? According to a shipping log by a trade stats organization, over **100** nations starting getting **Covid-19** testing kits in **2017**, *three years before Covid-19!* You can see a manifest at [THIS LINK](#) (as Proof #4). In **Proof #6**, this is to last until **2025**. In **Proof #7**, in **2017** **Dr. Fauci** "guaranteed" a global plandemic by **2019**. In **Proof #8**, **Bill and Melinda Gates** also *guaranteed* a global plandemic. In **Proof #9**, these **two psychopaths** were celebrated at the **Event 201**. Finally, in **Proof #16**, Hollywood (and the Deep State) have been conditioned **the masses** for years with various movies and globalist fear porn.

As a preview to my **January 2021** newsletter, I will mention that this kind of *social engineering the masses* goes back to the [Tavistock Institute](#) created after **WWII**. They concluded that trauma, shock and anxiety **destroys reason and logic** to accept new ideas based on *pure emotion* - and this exactly where we are at right now. I invite you to watch [THIS CLIP](#) with analysts **Alex Neuman** and **Brannon Howse** at the **46-48 minute** mark. I will have more on this, but let's turn our attention to the **precious metals market** that also *defies reason and logic*, since it is equally subject to the-the-powers-that-should-not-be who are **gaslighting** complacent investors.

The BIS Basel III Accord & New Gold Price!

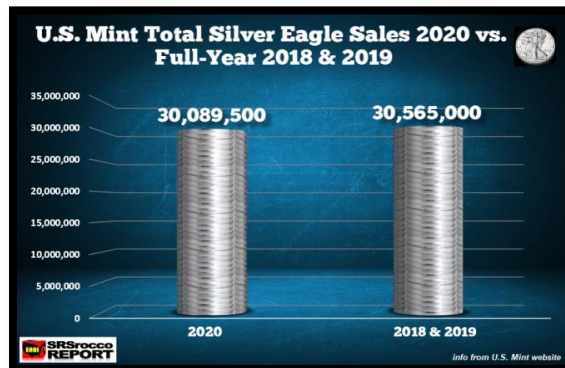

As most of you know, the precious metals have been manipulated since the creation of the NY Comex in 1975. This is accomplished by determining the "price" with paper futures trading, which only includes commercial banks and speculators to *suppress gold and silver*. Why do they do this? It is a deliberate effort to discourage investors from protecting their wealth with **real money** having intrinsic value, not the world of worthless fiat currency as I outline in **my book**. But this is all about to change in 2021. This **plandemic** and uncertainty has caused a surge in physical demand for metals, and this is putting tremendous pressure at the **LBMA in London** and the **Comex (Crimex)** operation in **NY** for physical delivery. Famed **London** whistleblower, **Andrew Maguire** recently made a comment that is urgent. As I've reported, the **Bank for International Settlements (BIS)** adopted the **Basel III Accord** in **2010** to raise gold to a "Tier 1" asset for major banks. This was adopted in **March 2019**, and the hard deadline was January 2022, but the plandemic has moved this up to **March of 2021!**

*"Meanwhile the shortage of real metal also is causing more futures buyers to take delivery, Maguire says. **These circumstances, Maguire believes, are building toward a potential revaluation of gold in March, when the "Basel III" financial regulations of the Bank for International Settlements will take effect, elevating physical gold in hand to a "Tier 1" asset on bank balance sheets, as asset equivalent to cash, and thereby devaluing gold derivatives.** This, Maguire says, is giving banks a strong incentive to get physical gold in hand in advance. Many governments and central banks with substantial gold reserves, Maguire says, **actually want a higher gold price, since a higher gold price will help them offset or repay their exploding sovereign debts.**"*

The key point here is that **the banksters** know *their days are numbered* and they need **gold** to offset their paper losses. This is part of **The Great Reset**. Read his report [HERE](#) and [VIDEO CLIP](#). As financial analyst **George Gammon** [has pointed out](#), global sovereign debt is almost **\$300 trillion**, or **365%** to global **GDP**! A financial reckoning day will be in the **bond market**, and they know it! In this scenario **gold** needs to be "repriced" to **\$20-30,000/oz.** to restructure debts and recapitalize the banks. As **Maguire** has noted, the physical demand will force this issue and likely be triggered with delivery defaults (*force majeure*). The timing looks to be in **2021**, and metals expert **Ed Steer** has concluded [his very long article](#) with **this concluding remark**, that we do well to take heed:

*"Neither I nor you can time the expiration date of this misguided yet ephemeral trust in using counterfeit money to pay for record-breaking debt levels and historically unmatched asset bubbles. But as both history and natural market forces confirm, **that trust ends once currencies lose their value and the madness of crowd faith in fantasy is replaced by a mad crowd of broke investors.** Those who confront facts rather than fantasy, however, can prepare for the unfolding of history and math without having to worry about the precise 'timing' of what is otherwise inevitable. Toward that end, **the historical remedy for the current wave of policy madness has always been the same: Precious Metals.**"*

Silver Demand & Massive Upside Potential!

First the first time in sixteen years, physical demand for silver has exceeded the paper ETFs as seen above. Is this significant? You better believe it! In fact, demand for **American Silver Eagles** in **2020** has exceeded all demand for **2018 and 2019** combined! It is now estimated that for every ounce of silver at **Comex** there are 300 derivative paper contracts. In other words, this is like musical chairs and a *silver delivery default* will see silver exceed its former high of **\$50/oz.** in **1980** (and 2011). It is no secret that **JP Morgan** has acquired a massive silver hoard since **2011**, while at the same time they have been 'naked shorting' the paper price. Is this legal? Nope, but they obviously see a day when the real price of silver will be much higher (just like gold). As **Ed Steer** has provided in **this chart**, we can see that the last time silver reached **\$50/oz.** was **2011** (red lines), and now it is happening again.

Silver expert Ted Butler sees huge silver demand coming. "We are going to have a pitched battle between industrial silver users who need silver to stay in business, and investors seeking outsized gains. Don't you believe this was behind **JP Morgan's** accumulation of *one billion ounces* of physical silver? I once wrote that when silver goes off, *it will be like an atom bomb on a hydrogen bomb on a neutron bomb.*" **Ted** says the "silver story" is the best kept secret in the world, and when this thing blows "there won't be anything like it in [our] lifetime." Read it all [HERE](#). Perhaps you can tell that I favor **silver over gold**. As I mentioned before (p. 5), the **Fed** has been destroying our dollar, and especially since **1971**. "Gold and silver have been money and stores of value throughout all of human history, notwithstanding what **Nixon** was forced to do back in **1971**, [writes Ed Steer](#), "and those accumulating it hand over fist for the last several years, [know that as well](#). And whatever the future holds for us, I expect that to continue as long as fiat currencies rule the earth. I'm just hoping that there will be something left to enjoy when **our day in the sun finally arrives.**" [That is my hope also.](#)

And speaking of hope, I would like to leave you with this **Christmas** reminder and some inspiration from the **Bible**. In these *rather dark times* we need to focus on the **true meaning of Christmas** and how this reality helps put our lives into proper perspective. Jesus is truly our only hope and light.

Jesus Christ: *Our Hope & Light of the World*

At this special time of year, we give and receive many **nice gifts** and enjoy the time spent with family and friends. The **Bible** says that “Every good thing bestowed, and every **perfect gift** is from above, coming down from the **Father of lights**” (Jas. 1:17). This not only speaks of God’s providence to bring good things into our lives, it also speaks of the greatest gift of all by sending **His Son** (Jn. 3:16). Paul responds, “Thanks be to God for **His indescribable gift!**” (2 Cor. 9:15). When **Jesus** came the first time, He fulfilled over **300 Old Testament** prophecies including this one from **Isaiah 9:2**, “The people who were sitting in darkness saw a great light...upon them a light dawned” (Mt. 4:16). **Jesus** was that **great light**, but He would later say, “the light has come into the world, but men loved **the darkness** rather than the light, for their deeds were evil” (Jn. 3:19). This is the human condition today. This is what happens when people reject the light and live in darkness. In both the **Old** and **New Testament**, the motif of **light and darkness** is a metaphysical reference to **good and evil**, and an ethical distinction between that which is morally right and wrong. **God** created light out of darkness in Genesis 1:3. “God is light” (1 Jn. 1:5) and He dwells in “unapproachable light” (1 Tim. 6:16). **Jesus** said He was “the light of the world” (Jn. 8:12), and everyone who believes in Him are “sons of light” (Jn. 12:36; Eph. 5:8) and will “not remain in darkness” (Jn. 12:46). The Devil is known as the “Prince of darkness” (Jn. 12:31; Eph. 2:2), and Jesus said He came to “destroy the works of the Devil” (1 Jn. 3:8). This battle between **light and darkness** will continue until **Jesus** returns, but we can be sure of the outcome. As we celebrate **His first coming** to redeem us, let us be mindful that He is returning as the “King of kings” (Rev. 19:16). **Jesus is better than Santa.**

Why Jesus is Better than Santa

Santa lives at the North Pole...

JESUS is everywhere.

Santa rides in a sleigh...

JESUS rides on the wind and walks on the water.

Santa comes but once a year...

JESUS is an ever present help.

Santa fills your stockings with goodies...

JESUS supplies all your needs.

Santa comes down your chimney uninvited...

JESUS stands at your door and knocks, and then enters your heart when invited.

You have to wait in line to see Santa...
JESUS is as close as the mention of His name.
 Santa lets you sit on his lap...
JESUS lets you rest in His arms.
 Santa doesn't know your name, all he can say is "Hi little boy or girl, what's your name?"...
JESUS knew our name before we were born.
 Santa has a belly like a bowl full of jelly...
JESUS has a heart full of love
 All Santa can offer is HO HO HO...
JESUS offers health, help and hope.
 Santa says "You better not cry"...
JESUS says "Cast all your cares on me for I care for you."
 Santa's little helpers make toys...
JESUS makes new life, mends wounded hearts, repairs broken homes and builds mansions.
 Santa may make you chuckle but...
JESUS gives you joy that is your strength.
 While Santa puts gifts under your tree...
JESUS became our gift and died on a tree...the cross.
We need to put Christ back in CHRISTmas, Jesus is still the reason for the season!

Jesus enters our hearts when He is invited. In this newsletter, I have noted how evil social engineers are using this **plandemic** and *fear of death* to control us. Because of sin, we shall all die. But **Jesus died for our sins**, and He offers **eternal life**. He provides the *cure* for the "sin virus" that infects every human heart and is **100%** fatal and eternal. He is the Christmas cure. "For God so loved the world, that He gave His only begotten Son, that whoever believes in Him should not perish, but have eternal life" (Jn. 3:16). In the **Bible**, this is called the **Good News**, and indeed it is! For my new subscribers, and I would invite you to click [THIS LINK](#) to my new website, that stresses a biblical worldview and the need for faith in these very difficult times. Jesus is better than Santa. He is the greatest gift to all mankind. **An old hymn** penned these wonderful words; "*Jesus paid it all, all to Him I owe; sin had left a crimson stain, He washed me white as snow.*" This is a wonderful truth. I normally conclude with a brief summary of my newsletter, but the Christmas cure is my focus. Where things *ultimately* go from here is all in my book at [THIS LINK](#). Finally, if I can assist you with **real money**, click my banner below. For the **King of kings**; the wise men brought **gold**.....not fiat currency.
